

# Is it time to transform your HR?

HR is the heart of a business and that's why IRIS is committed to helping businesses make their employees feel better-connected, engaged, and rewarded.

## Why choose IRIS HR Software?

### Put employees first

IRIS HR software supports your people through every stage of the employee journey – from onboarding to offboarding and everything in-between.

### Futureproof business operations

IRIS HR software is accessible from anywhere, modular, and completely scalable, so it will change to match your business as you grow and evolve.

### Save on administration time and money

IRIS HR software automates your human resources processes, so you have more time to focus on business objectives.

Whatever your organisation's needs there's an IRIS HR solution that meets them, increasing efficiencies, improving engagement, and enhancing your competitive advantage.

**850,000**

UK employees are managed by IRIS HR solutions

Discover how IRIS can support your HR needs and look forward to the future with confidence.
